

Quintup™ CC-MB

Product Information

FEATURE

- Collagen booster
- Restore skin firmness
- Strengthen the connective tissue
- Strong anti-wrinkle efficacy

INCI NAME

Pentaerythrityl tetraisostearate (and) Caprylic/Capric Triglyceride (and) Stearalkonium Hectorite (and) Propylene carbonate (and) Palmitoyl Pentapeptide-4

CAS No.

62125-22-8 (and) 65381-09-1 (and) 94891-33-5 (and) 108-32-7 (and) 214047-00-4

EC No.

263-423-1 (and) 265-724-3 (and) 305-633-9 (and) 203-572-1 (and) 606-757-9

CHARACTERISTICS

Appearance	Viscous liquid
Odour	Characteristic
Peptide content	100 ppm

SPECIFICATIONS

Viscosity 60rpm (25°C S62) 250 - 450 cps

DESCRIPTION

Peptides are miniature fragment of skin protein; they are messengers signaling dermis for synthesizing the material necessary for the skin.

Quintup™ CC-MB is a synthetic lipopeptide, conjugating long chain fatty acid to improve skin penetration and skin affinity. Quintup™ CC-MB stimulates the production of type I and IV collagen and protects collagen degradation from UV radiation and stress hormone, which brings a long term anti-aging effect.

STORAGE

Protect from contacting with light, heat and moisture. Store in closed containers at room temperature. Shake well before use.

APPLICATIONS

Quintup™ CC-MB is commonly used in lip products and make-up.
